

Homestay Opportunity

YMCA Youth Peace Network June 17-19 2011

Provide a Canadian experience in your home, a chance for youth to adjust to this wonderful city, and an opportunity to see some great Vancouver sights.

Provide room and board for 1-2 youth between the ages of 19 and 30.

Share your culture and get to know theirs.

The YMCA Youth Peace Network provides up and coming leaders from all around the world with an opportunity to spend the summer in Vancouver, learn and develop new skills, as well as build a better world for tomorrow.

- Learn about other YMCAs in the world.
- Gain knowledge of different countries, language and cultures.
- Spend some time with strong youth leaders from around the world.
- Make a positive impact in a young person's life.
- Enrich your family's world view.
